## New Library Building Update

Workers pour the foundation at the southeast corner in mid-December.

Since our ground breaking in September, there has been a lot of progress on the new Library at 7 Library Avenue. You can now see the outline of the new building peeking

over the fence surrounding the site. It is very exciting to see the project taking shape and planning for its opening in Spring 2010.

## Making It Better, Home-Style

Paul Revere made his famous ride on April 18, 1775 and changed the course of our history. But in addition to being a hero of the American Revolution, as a renowned silversmith he was also an early example of American creativity and know-how – as were countless other Colonial women and men. Next time you're in the Library, stop to view the photographic display of Revere's beautiful silverwork as well as some of the pottery and weaving created then and now as part of everyday life by women equally talented if not as widely renowned.

So join the Library in the celebration of this tradition of creativity and self-reliance. From how-to books and magazines to do-it-yourself programs, your home library is the source for exploring (or rediscovering) your ingenuity while having fun. Check out our **Bi-lingual Jewelry Design Workshop on Fiesta Day**, or our **Art of Malibu: California Retro Surfwear Class**. Sign up for our **Bead Train** to explore New York City's bead and jewelry supply stores offering everything from glass beads to semi-precious stones. Then register for our **ETSY Workshop** to learn how to make and sell hand-crafted work through one of the best web sites around.

Get a head start on your spring herb garden with our **Family Flower Pot Day**. For home entertaining, the recipe for success could well be our **Mixology Workshop** plus our two **Chef's Night Out** programs: **Pasta, Pasta!** and **New Asian Cuisine**.

You can continue to exercise mind and body with our **Yoga** and **Pilates** classes as well as our **Bridge**, **French** and **Book Clubs**. And our **LibraryGeeks** are waiting for you to call to help you get started on mastering your computer, your I-Pod, cell phone, Blackberry, digital camera and more. Seniors can work on maintaining their physical shape at our **Tai Chi for Seniors** and their driving skills at our **AARP Defensive Driving**.

*Call us! We're your library and we're here to help make things work for you!*

## PROGRAMS

### Baby Bookworms

*Tuesdays, March 17- April 7 @ 10:00 am*

For children ages birth to 24 months with a parent or caregiver.

Baby Bookworms is a story time that has been specially developed to recognize the developmental needs and attention spans of the children this age. Parents/Caregivers interact with their babies through a variety of nursery rhymes, action rhymes, songs, and stories. Because babies have such short attention spans our program is brief, lasting between 15 and 20 minutes. Participants are encouraged to be on time and registration is required.

*Fridays, March 13- April 17\* @ 10:00 am*

\* Please note: the group will not meet on April 10.

For 2 & 3-year-olds and a parent or caregiver. While our Toddler Tales & Tunes program follows a traditional story time format, we take special care to include opportunities for movement; short, developmentally appropriate stories and lots of singing. Children sit near their caregivers during the story time. The goal of Toddler Time is to develop an early appreciation of books and stories, foster self-esteem in young children, and have fun! Each session is approximately 30 minutes long. Participants are encouraged to be on time.
